

SOURASISH DAS

Kolkata, West Bengal | 9874228785 | dassourasish1234@gmail.com GitHub - github.com/sourasish423

Education

St. Thomas' College of Engineering and Technology

Bachelor of Technology in Electronics and Communication Engineering

2021 - 2026

CGPA : 7.04

Future Campus School

All India Senior School Certificate Examination (Class 12)

2020 - 2021

Percentage 67.5%

St.Stephen's School

All India Secondary School Examination (Class 10)

2018 - 2019

Percentage 72%

Technical Skills

Languages: Java , HTML, CSS, JavaScript,

Technologies/Frameworks: React.JS, React Native, GitHub,API

Database: MySQL,DBMS

Experience

Bharat Sanchar Nigam Limited (BSNL) – Intern (2024 | Location-Kalyani)

- Observed the functioning of telecommunication network infrastructure, including switching systems, optical fiber communication, and broadband services at Bharat Sanchar Nigam Limited.
- Gained exposure to basic telecom operations, network management, and maintenance procedures used in real-world telecom environments.

Projects

Movie App | React | TMDB API | REST | Async Storage

Live: <https://react-movie-app-pied-pi.vercel.app/> | **GitHub:** github.com/sourasish423/react-movie-app

- Integrated TMDB REST API with pagination support (500+ pages) and optimized asynchronous data fetching.
- Implemented multi-screen navigation with dynamic routing and detailed movie view architecture. ☐ Built persistent “Favorites” feature using Async Storage to maintain user data across sessions.

News App | React | JavaScript | Context API

Live: <https://news-app-nine-blue.vercel.app/> | **GitHub:** <https://github.com/sourasish423/News-app>

- Built a responsive news web application using React and Vite, displaying real-time articles with category-based filtering (Business, Health, Science, etc.).
- Implemented **global state management using React Context API and Axios** to efficiently fetch and manage news data from **NewsAPI**.
- Deployed the application on **Vercel** with a **serverless API proxy**
